

NANYANG TECHNOLOGICAL UNIVERSITY
School of Mechanical and Aerospace Engineering

**EXPERIMENT E3.3: COMPUTER MODELLING, SIMULATION AND CONTROL OF AN
ELECTROMECHANICAL SYSTEM**

LOG SHEET

Name: _____ Matr.No.: _____

Date: _____ Time: _____ (AM / PM)

Submitted to: _____

6.1 a): _____

6.1 b): _____

6.2 a):

Type of response	k	Mp	tp	ts	error (%)
Under damped					2
Critically damped		n/a	n/a		2
Over damped		n/a	n/a		2

6.2 b): _____

7):

(Use additional pages, if needed)

Plots

Using a screen capture tool (e.g. “Snipping Tool” in Windows), paste the plots related to:

1. Open-loop step response
2. Open-loop Bode plot
3. Closed-loop step response for underdamped condition
4. Closed-loop step response for critically damped condition
5. Closed-loop step response for overdamped condition

You can paste two plots per page.
